

Pet export in Apr-May (2022)

1 Health examination

Have a health check four days before departure, everyone according to their departure date, you can apply to the community to go out of the time: for example: April 29 departure, April 25 for exit procedures

2 Get the certificate

After the health check, we'll give you a receipt. When the certificate is ready, we'll notice you, then take the receipt, 48 hours PCR report and passport to the customs to get the certificate. **Health check and pick up certificate are not on the same day**

3 Departure

If you get the certificate and your flight has not changed, you can fly normally with your pet

TIPS

1. Take all documents with you on the day of physical examination. You need to have 48 hours PCR report and health code.
2. If you can't come in person, you can also entrust your friend or driver, but they must have power of attorney, 48 hours PCR report and health code
